ARE YOU READY TO BE A PARENT?

Many questions must be answered before you can decide what is best for you and your child:

- Do you have enough time and energy after school or work to care for an infant?
- Can you commit to providing the vital emotional and financial support they will need as they grow up?

These are difficult questions with no right or wrong answers. Only you can answer them- and only after you have carefully and thoroughly explored your feelings.

ACI's experienced and caring pregnancy counselors can help you explore the decisions you have to make.

Our free counseling services are available to all expectant parents- even if you haven't decided adoption is for you.

We advocate for YOU.
