A Look At International Adoption

The world of international adoption is ever changing. At Adoption Choice, Inc., we believe that prospective adoptive parents deserve realistic, unbiased, up-to-date information. We have worked with dozens of international and domestic child-placing programs in numerous countries on behalf of adoptive families and children.

Things to Consider

- Am I ready to parent a child of another culture and race?
- What age child am I comfortable with?
- Am I comfortable accepting a child with minor or major medical, developmental, or emotional issues.
- How much time am I willing to spend in country?
- Do I have realistic expectations for a child coming from an institutionalized care setting?

How Can We Help?

While Adoption Choice, Inc. does not have any direct placing programs, we can assist you by providing a home study for most countries. We will work with you as you choose a country, a placing agency and while you wait to travel. We can also provide the required post placement visits once your child is home.
